

TRAILBLAZER
STUDIOS®

JUNE 4, 2018 – JULY 27, 2018

8-WEEK PAID

SUMMER INTENSIVE INTERNSHIP PROGRAM

Our summer internship is an 8-week paid, not for credit, program. Interns will rotate through each department (development, production, audio, and post) every week for the first month. During the second month, each intern will work exclusively and more in depth with one department. All interns will collaborate to research, produce, mix, and edit a creative short video for a local non-profit company. Internship is open to rising seniors and recent graduates (graduating between December 2017 – June 2019).
